

## **Picture Day 2021:**

Picture day will be **Saturday, April 24 at Studio 55**. Below you will see the scheduled times, and order, for each class to have individual and class (optional) photos taken.

Students will need to be dropped off at the beginning of their time slot and picked up at the end of their time slot. One parent per family is welcome to stay with your student if they are in group A, B and C. If a parent is not in attendance, please send students with their photo forms and money.

Please have students arrive in their first costume (order posted below) with their hair and makeup done. You may do your student's hair however you would like for picture day as long as it is pushed away from your child's face. See Miss Erin for details if you wish to schedule a hair appointment. We will have 2 bathrooms and a dressing room for students to change costumes if required and one student at a time will be allowed in each room. All rooms and surfaces will be sanitized between groups.

Parents and Students will be required to wear face masks before and after their photos are taken. Classes will all stay in designated areas where they will be socially distanced from the other classes in their group as they wait for their photos to be taken.
